

■■■■ ABOUT GINA MARIE

Founded in 1958, our cold storage contractors and door specialists at Gina Marie Doors can do emergency repair service, modernization, replacements, and installations. Contact us if you need custom-built cold storage boxes and rooms to display and store your products.

We are a cold storage refrigeration service contractor with specialty carpentry & cold storage door services contractor that repairs and modernizes your pre-existing doors, equipment, and hardware where others would condemn. Our primary business focus is that we have the ability to provide our services at a lower overall cost than your current refrigeration service companies that you currently may have under contract. We can accomplish this due to the mere fact of the volume of business we put out to our clients and the product we draw from our vendors.

■■■■ COLD STORAGE
